VENTILACIÓN 2025

VENTILACIÓN 2025

## Donde el diseño encuentra la innovación moderna

En MANTRA, el diseño circular es el núcleo de nuestra filosofía creativa. Nuestros diseñadores crean productos atractivos y sostenibles, considerando el ciclo de vida completo: desde la selección de materiales hasta la facilidad montaje y desmontaje.

Priorizamos las materias sostenibles, ecológicos y reciclables para reducir nuestra huella ambiental. Además, fomentamos la adaptabilidad en todos nuestros diseños, permitiendo actualizaciones y personalizaciones continuas para prolongar la vida útil de los productos.

La innovación es clave, buscando soluciones que minimicen el desperdicio y maximicen la eficiencia, como el uso de sistemas modulares y tecnologías avanzadas de reciclaje. También involucramos a los usuarios en prácticas sostenibles, ofreciéndoles información sobre mantenimiento, reparación y reciclaje.

En MANTRA, fusionamos estética, creatividad innovación y responsabilidad, liderando el camino hacia un futuro más sostenible y consciente a través del diseño circular.

## Where design meets modern innovation.

At MANTRA, circular design is at the core of our creative philosophy. Our designers create aesthetically appealing and sustainable products, considering the entire product lifecycle—from material selection to ease of disassembly.

We prioritize sustainable and recyclable materials to reduce our environmental footprint. Additionally, we promote adaptability in our designs, allowing updates and customizations to extend product life.

Innovation is key, as we seek solutions to minimize waste and maximize efficiency, such as modular systems and advanced recycling technologies. We also engage users in sustainable practices, providing information on maintenance, repair, and recycling.

At MANTRA, we merge aesthetics and responsibility, leading the way toward a more sustainable future through circular design.

José Ignacio Ballester

Santiago Sevillano Studio

Nacho Timón

## Innovación con conciencia: Comprometidos con el desarrollo sostenible.

En MANTRA estamos comprometidos con el desarrollo sostenible. Como fabricantes de ventiladores, hemos orientado todos nuestros esfuerzos hacia la innovación, la satisfacción de las nuevas necesidades y el respeto por el medio ambiente.

Nos esforzamos constantemente por desarrollar nuevos diseños que no solo cumplan con los estándares de eficiencia, sino que también se adapten a las necesidades cambiantes de nuestros clientes. La innovación está en el corazón de lo que hacemos.

Somos conscientes de la importancia de utilizar los recursos de manera eficiente. Nuestros procesos de fabricación están diseñados para minimizar el desperdicio y maximizar la utilización de materiales reciclables.

Nos enorgullece contribuir a la sostenibilidad ambiental. Nuestros ventiladores están diseñados con un enfoque ecológico. Utilizando tecnologías que reducen el consumo de energía y minimizan el impacto ambiental.

Nos alineamos con varios Objetivos de Desarrollo Sostenible. Estamos comprometidos a liderar el cambio hacia un futuro más sostenible y esperamos seguir colaborando con nuestros clientes, empleados y comunidades para lograr un impacto positivo en el mundo que nos rodea.

## Innovation with awareness: Committed to sustainable development.

At MANTRA, we are committed to sustainable development. As manufacturers of fans, we have directed all our efforts towards innovation, meeting new needs, and respecting the environment.

We constantly strive to develop new designs that not only meet efficiency standards but also adapt to the changing needs of our customers. Innovation is at the heart of what we do.

We are aware of the importance of using resources efficiently. Our manufacturing processes are designed to minimize waste and maximize the use of recyclable materials.

We take pride in contributing to environmental sustainability. Our fans are designed with an ecological approach, using technologies that reduce energy consumption and minimize environmental impact.

We align with various Sustainable Development Goals and are committed to leading the change towards a more sustainable future. We look forward to continuing to collaborate with our customers, employees, and communities to make a positive impact on the world around us.
